

Authors

ROBERT W. ALEXANDER, MD, DMD, FICS

Robert Alexander holds doctorates in Medicine (University of Florida) and Dentistry (St. Louis University) and is the author of multiple publications and book chapters on the subject of aesthetic, reconstructive, and cranio-maxillofacial surgery. Recipient of many awards and recognitions for advancement in each of these areas of interest, he is an invited Fellow of the International College of Surgeons (Plastic). Dr. Alexander did his surgical and specialty Residency Training at University of Texas, Southwestern Medical School (Parkland Memorial Hospital and John Peter Smith Hospital). Following Residency Training, he served as Departmental Chairman, University of Florida (JHEP) until 1975 when he established a private practice of aesthetic and reconstructive surgery in the Seattle area. Beginning in 1990-2008, Dr. Alexander provided an accredited, one year, post-residency Fellowship Training Program, emphasizing aesthetic surgical training for highly qualified applicants. He currently practices in Washington and Montana in his primary specialty, with long-term experience and interest in applied clinical research. He holds a faculty appointment at the University of Washington, School of Medicine and Dentistry. In 2005, his presentations on use of high density platelet-rich plasma concentrates to sports medicine, Prolotherapists, and orthopedic-regenerative medicine practitioners led to important contributions in use of adipose-derived stem-stromal cells with HD PRP for musculoskeletal, wound healing, and regenerative applications. Dr. Alexander may be contacted via email at rwamd@cybernet1.com or office phone: 406.777.4477.

DONNA D. ALDERMAN, DO

Donna Alderman, DO is a graduate of Western University of Health Sciences, College of Osteopathic Medicine of the Pacific, in Pomona, California, with undergraduate degree in nutrition from Cornell University in Ithaca, NY. She attended the first Gustav A. Hemwall, MD Prolotherapy injection seminar in 1998 and has extensive training in Prolotherapy and Platelet Rich Plasma Prolotherapy.
